

## Big Events for 2024-25

Our Pack usually has one or two BIG overnight events every year. This year we will be visiting the Sacramento Zoo for an overnight that is perfect for the younger scouts. Later in early 2025, a program probably better suited to the older cub scouts will be an overnight visit to the historical USS Pampanito, a WWII era submarine in San Francisco.

Of course these are just the BIG two exciting overnight events, we will still do all the regular annual events like Santa Cruz Beach Boardwalk, Spook-O-Ree Council Camp, and Summer Resident Camp next July.

If your favorite anticipated BIG overnight wasn't selected this year, don't worry! The committee will try to keep them rotating in the coming years so stay with Pack 1592 for future trips to favorites like the Chabot Observatory, the USS Hornet aircraft carrier, Monterey Bay Aquarium and more!
